petitioner for the actual loss of crop assessed by respondent No.5-authority as at Annexure-D and in terms of the direction that has been issued in WP.No.56167/2013, disposed of on 19.11.2015.

2. The petitioner is the owner of the land, the particulars of which is referred to in paragraph-3 of the petition. The petitioner claims that during the year 2015 he had raised paddy crop in the wet lands apart from the other commercial crops grown by him. The grievance of the petitioner is that loss has been caused to him due to the wild elephants straying into estate and wet lands and destroying the crops grown by him. It is in that regard the petitioner had made a request seeking for compensation. The petitioner refers to the consideration made by the Director of Agriculture, i.e., respondent No.5 with regard to the assessment of loss caused. The grievance of the petitioner is however that though the actual loss has been taken into consideration, the

year 2015 is not disputed, the contention however is that the Government Order dated 5.6.2009 has been kept in view and the rate for the different crops as indicated therein has been taken into consideration and the compensation as calculated is justified. It is in that view the respondents contend that the petitioner cannot make out any grievance in this regard.

4. Having taken into consideration the rival contentions, the only issue for consideration herein is with regard to the valuation of crop for payment of compensation that is required to be taken into consideration and the reference being relatable to the year for the purpose of such valuation of the crop. This issue need not detain this Court for long inasmuch as in similar circumstances it has already been considered by this Court in WP.No.56167/2013, dated 19.11.2015. This Court in that view has directed that the compensation payable should relate to the year during

to the petitioner within a further period of six weeks thereafter.

Writ petition is ***disposed of*** accordingly.

   Kodagu Dist. – 571 01.

The petition is admitted for hearing. With the consent of learned counsel for the parties, the same is heard finally.

2. In this petition, the petitioner inter alia seeks a writ of certiorari for quashment of the order dated 19.12.2017 issued by respondent No. 3 as well as a writ of mandamus directing respondent No. 2 to pay compensation amount of Rs.1,74,481/-

3. When the matter was taken up today learned counsel for the petitioner submitted that the petitioner has been paid a sum of Rs.6,600/- for the year 2015-16 as well as a sum of Rs.15,630/- for the year 2014-15 on account of loss caused to the paddy grown by the petitioner on account of menace created by elephant. It is further submitted that the Assistant Agricultural Officer has quantified the loss sustained by the petitioner as petitioner had claimed compensation at much higher rate. It is also submitted that the controversy involved

considered on the basis of circulars issued in the previous years. The impugned order is therefore quashed and the matter is remitted to respondent No. 4 to assess the process of compensation expeditiously preferably within a period of six weeks from the date of submission of the representation by the petitioner in this regard by a speaking order by taking into account the rates of paddy prevalent in the years for which the compensation has been claimed.

With the aforesaid direction, the petition is disposed of.

ORDER

This is a petition filed by the petitioner against the respondents u/s. 10 of the Workmen's Compensation Act 1923 praying for the compensation for the injury of the workmen Smt. Muddamma. This petition is treated as application u/sec.22 of the Employees Compensation Act, 1923.

2. The brief facts of the petitioners' case is that, the petitioner is a house wife and she used to work as labourer earning an average of Rs.200/- per day. On 14.04.2014 at about 6.45 to 7.00 p.m, the petitioner was sitting in the veranda of her residential house, after returning from her coolie work. By that time all of a sudden two elephants came from the nearby Forest and have attacked on the petitioner who was sitting in the veranda of her residential house. Due to the impact, the petitioner sustained grievous injuries. Her right leg was fractured. Hence immediately she was shifted to P.H.C at Siddapur and first aid treatment was given. As the injuries were grievous in nature, at the advice of doctor, the petitioner was then shifted to Bangalore and treated as inpatient at Chord Road Hospital Pvt Ltd., Bangalore. The petitioner was treated as inpatient from 14.04.2015 to 30.04.2015. ORIF with LCP and screws done under SA on 27.04.2015. Even after the discharge the petitioner was under treatment as out patient. She is

still under bed rest. The petitioner was shifted to Siddapur from Chennangi Mudabailu and then to Bangalore in a hired taxi spending a sum of Rs.8,200/- as taxi hire. The petitioner was also taken back to her native place in a hired taxi, spending a sum of Rs.10,000/- as taxi hire. The petitioner had spent Rs.2,00,000/- for her medical treatment. During her stay at Hospital, her children were constantly attending her spending a sum of Rs.1,000/- per day. They are also labourers by profession and their income from coolie labour is the only source for their livelihood. Due to the incident the petitioner has lost her earning capacity. The petitioner is still suffering from acute pain and mental agony. Upon getting intimation of said elephant attack the first respondent visited the spot and paid just Rs.20,000/- as compensation to the petitioner. The said compensation amount paid by the respondents is a meager amount which is insufficient to compensate the petitioner.

Hence prayed to pass an order directing the respondents to pay a sum of Rs.10,00,000/-.

3. After the institution of the above petition, the notices were issued to the respondents. The respondents have appeared through their counsels and filed objection statements.

4. The respondent No.1 in its objection statement contended that the petitioner is not entitled for the relief claimed. The compensation claimed is exorbitant. Upon getting intimation of said elephant attack this respondent visited the spot and conducted spot mahazar. The petitioner was asked to produce relevant records and medical bills upon getting treatment so as to enable the respondents to consider and calculate the compensation to be awarded to the petitioner. However, without visiting the office of the first respondent and submitting medical bills, the petitioner has filed this petition claiming exorbitant

amount as compensation. The respondent will consider the plea of the petitioner as per the Government norms and upon receiving medical bills from her a reasonable compensation amount will be provided to her in accordance with the natural justice. Hence prayed to dismiss the petition.

5. The respondent No.5 has filed his objection statement contending that the elephant attack dt.14.04.2014 at about 6.45am to 7.00 am was not to concerned to the respondent No.5. The wild elephants belongs to the forest department. The respondents No.1 to 4 are fully liable to pay the compensation to the petitioner in the above case. The respondent No.5 is not responsible. The respondent No.1 to 4 are fully responsible to bear the cost and consequences. The case against respondent No.5 may be dismissed in the interest of justice and equity. Hence prayed to dismiss the petition.

6. On the basis of the above pleadings, the following issues are framed.

ISSUES

1. **Whether the petitioner proves that there is employee and employer relationship between herself and respondents?**

2. **Whether the petitioner proves that on 14.04.2014, during the course of employment with the respondents she was attacked by wild elephants and sustained injuries?**

3. **Whether the petitioner is entitled for the compensation? If so, from whom and at what rate?**

4. **What order or decree?**

7. In order to substantiate her contention, the petitioner got examined herself as PW.1 and one witness has been examined as PW.2 and got marked the documents Ex.P-1 to Ex.P-5. On the other hand respondents did not

entered the witness box. Hence, evidence of respondents taken as nil.

8. I have perused the materials placed on record and heard the arguments of the both sides.

9. Upon appreciation of evidence on record, in the back ground of arguments advanced by counsels for the parties my findings on the above Issues are as follows:

Issue No.1: ***In the Negative***
Issue No.2: ***In the Negative***
Issue No.3: ***In the Negative***
Issue No.4: ***As per the final order***

for the following:

REASONS

10. **Issues No.1 to 3** :- All these issues revolves around discussion on same set of facts. Finding on one issue will have bearing on the other issues. Hence, I have taken up these issues together for consideration.

11. At the out set the petitioner has to establish that there exists employee and employer relationship between herself and respondents. Further it has to be established that she was attacked by wild elephant during the course of employment with the respondents. Then only the petitioner is entitled for compensation.

12. The petitioner has been examined as PW.1 and has reiterated petition averments in the affidavit filed in lieu-of-chief-examination and one witness has been examined as PW.1. The petitioner has also got marked 5 documents in her favour as Ex.P.1 to 5. Ex.P.1 is the 51 Medical bills with prescription, Ex.P.2 is the Police acknowledgment, Ex.P.3 is the Discharge summary, Ex.P.4 is the 4 X-ray sheets, Ex.P.5 is the Taxi bill.

13. The version of petitioner has gone unrebutted, as PW.1 was not subjected to cross-examination by the

respondents. Hence, the version of petitioner has to be accepted. If the version of petitioner is accepted, then also none of the petition averments and evidence shows that petitioner was the employee under the respondents. The respondents No.1 to 4 are the Forest Officials. Therefore, certainly there will be document if the petitioner was an employee under the respondents. The IA filed by the petitioner about impleading of respondent No.5 and necessary allegations against respondent No.5 were not pressed by petitioner by filing memo. Hence, even there is no allegation against respondent No.5 in the petition.

14. Further pleadings of the petition and petitioners evidence shows that elephants have attacked the petitioner when she was sitting in the veranda of her residential house after returning from her coolie work. The alleged incident has taken place at about 6.45 to 7.00 pm. This also shows

that the accident in question has not occurred during the course of her employment with the respondents.

15. The petitioner has failed to prove that there exists employee and employer relationship between herself and respondents. Further petitioner has failed to prove that during the course of employment with the respondents she was attacked by wild elephants. Therefore, the petitioner is not entitled for compensation from the respondents as of right. However, if the petitioner is entitled for compensation under humanitarian grounds or under any scheme from the respondent No.1 to 4 then the respondents may consider the same in accordance with law. Accordingly, I hold **Issues No.1 to 3 in the Negative.**

16. **Issue No.4:** In view of my findings on Issues No.1 to 3, I proceed to pass the following;

ORDER

The petition filed by the petitioner u/s 10(A) of Workmen Compensation Act, 1923 which is treated as application u/sec.22 of the Employees Compensation Act, 1923 is hereby dismissed.

Under the peculiar circumstance of the case parties are directed to bear their own cost.

ಮಾನ್ಯರೆ,
SIR,

Sub: OPINION in Writ Appeal No.**583/2018** (GM-FOR) on the file of High Court of Karnataka at Bengaluru – The Secretary, Dept. of Forest, Bengaluru and others /VS/ Sri A.S.Katti Manddaiah, Kodagu.

Ref: G.O.No.FEE 155 FWL 2016, Bengaluru, dated 18.01.2018

The Appellants – State, in the above Writ Appeal sought for setting aside the Order passed by the learned single Judge dated 31.10.2017 in Writ Petition No.49187/2016 (GM-FOR) and for such other reliefs.

I have gone through the Certified Copy of the order passed by the Hon'ble High Court dated 08.06.2018.

The above matter was listed for hearing before the Division Bench of the Hon'ble Court, C.H.No.1, presided over by the Hon'ble Chief Justice and Mr.Justice Krishna S.Dixit on 08.06.2018. The Hon'ble Court has disposed of the above Writ Appeal with certain observations confirming the order dated 31.10.2017 in Writ Petition No.49187/2016 (GM-FOR), on the ground that, the Respondent already got relief in Writ Petition No.56167/2013 wherein, the Hon'ble Court disapproved the method adopted by the authorities and compensation being granted and appropriate method, as adopted by the Appellants while assessing the loss suffered by the Petitioner in the year 2014-15 with reference to price of paddy for the year 2009, could have been only disapproved as being unreasonable and unjustified.

Therefore, the Hon'ble Court directed the Authorities to consider the representation of the Respondent for to take a decision for payment of balance of compensation of Rs.44,100/-.

By considering the cost of filing Special Leave Petition before the Hon'ble Supreme Court of India it would better is the amount of Rs.44,100/- is paid to the Respondent.

In view of the above facts and circumstances of the case, I am of the opinion that this is not a fit case to prefer any Special Leave Petition before the Hon'ble Supreme Court.

Certified copy of the order is enclosed herewith.

Yours faithfully

(H.VENKATESH DODDERI)

THIS WRIT APPEAL IS FILED UNDER SECTION 4 OF THE KARNATAKA HIGH COURT ACT PRAYING TO SET ASIDE THE ORDER PASSED BY THE LEARNED SINGLE JUDGE DATED 31.10.2017 IN W.P.NO.49187/2016 (GM-FOR).

THIS WRIT APPEAL COMING ON FOR PRELIMINARY HEARING THIS DAY, ***KRISHNA S DIXIT.J.,*** DELIVERED THE FOLLOWING:

JUDGMENT

This intra-court appeal by the State is directed against the judgment and order dated 31.10.2017 made in W.P.No.49187/2016 whereby, the learned Single Judge of this Court has disapproved the method adopted by the appellant/respondents for assessment of the loss caused to the paddy crop of the writ petitioner (respondent herein) by Wild Elephants. Further, he has directed the appellants herein to take into account the price of paddy for the year 2014-15. The learned Single Judge, while directing the assessment to be made as per the price of paddy for the year 2014-15, has permitted the writ petitioner to submit a representation for consideration of his claim above the quantity of 15 quintals, as taken by the appellants.

This appeal is reportedly time barred by a period of 38 days. Having regard to the circumstances, while ignoring the delay, we have heard the learned Additional Government Advocate appearing for the appellants, on merits.

Having considered the matter in its totality, we are unable to find any reason warranting interference.

The writ petitioner asserted that the paddy crop grown by him on the property bearing Sy.No.113 (a) measuring 2 acres at Kurchi Village, Shrimangala Taluk was destroyed by wild elephants and hence, he was entitled to adequate compensation. The appellants granted him compensation to the tune of Rs.8,700/- on the basis of the circular dated 30.04.2011. Dissatisfied, the writ petitioner approached this Court seeking direction against the Deputy Conservator of Forest, Madikeri Wild Life Division (appellant No.2 herein) for payment of balance compensation of Rs.44,100/-. The respondents attempted to justify the quantum of compensation allowed by them with reference to the said

circular dated 30.04.2011; and as regards the quantity, they relied upon the spot report and mahazar.

The learned Single Judge referred to the fact that at the earlier instance, the writ petitioner had approached this Court in W.P.No.56167/2013, when he had suffered loss in the year 2012-13 and therein, the Court disapproved the method adopted by the authorities by relying upon the circular dated 30.04.2011, whereunder the prices of the paddy of the year 2009 had been taken into consideration and it was held that the actual price of the paddy during the year of loss was required to be taken into account. While following the said decision, the learned Single Judge held that when the loss suffered by the petitioner had been during the year 2014-15, the rate of the paddy during the said period was to be taken into consideration and the method adopted by the respondents, taking the price of paddy for the year 2009 was not justified.

As regards the question of quantity, the learned Single Judge found it just and proper to extend an opportunity to the

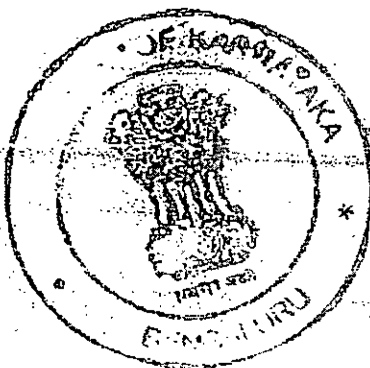

writ petitioner to submit a representation along with supporting documents, if any, to show if a larger area had been cultivated and loss suffered was to larger extent than 15 quintals as taken by the authorities. The learned Single Judge disposed of the petition accordingly.

Seeking to question the order aforesaid, it is sought to be contended that the learned Single Judge has failed to consider that the writ petitioner was a habitual litigant and has filed a case without any legal right. It is also submitted that the ex gratia payment is extended by the Government to the persons/agriculturists for the loss suffered due to wild animals/elephants but the petitioner cannot claim any compensation as a matter of right. The submissions remain bereft of any substance.

It appears from the record that the writ petitioner earlier approached this Court in W.P.No.56167/2013, when he suffered loss in the year 2012-13. In the said petition too, this Court disapproved the method of assessment as adopted by

the appellants while holding that the actual price of paddy during the year of loss was required to be considered.

Looking to the nature of loss/injury suffered and the method adopted by the appellants, it is difficult to accept that it were a case of extending ex gratia payment. On the contrary, it appears that specific assessment was made with reference to the quantity destroyed and then, with reference to the price of the paddy. When payment is made on the basis of certain basic parameters related with quantity and price of the produce, it had obviously been a compensation granted by the Government and when such compensation is being granted, an appropriate method of assessment is required to be adopted. The method, as adopted by the appellants while assessing the loss in the year 2014-15 with reference to prices of the paddy of the year 2009, could have only been disapproved as being unreasonable and unjustified.

The appellants do not appear justified in alleging that the writ petitioner is an habitual litigant for having filed the writ petition seeking adequate compensation in the year 2013 too.

The fact that the writ petitioner did suffer the loss because of attack of wild elephants in the year 2012-13 and also in the year 2014-15 has not been disputed. When he has suffered loss, the writ petitioner cannot be faulted in seeking adequate compensation therefor.

For what has been discussed above, we are satisfied that the learned Single Judge has rightly granted the relief to the writ petitioner and no case for interference is made out.

Consequently, the appeal stands dismissed.

All pending interlocutory applications also stand disposed of.
